Re: Docket No. 2006P-0306/CP1

Dear Governors Douglas, Doyle, Pawlenty, and Sebelius:

I am writing to inform you that the Food and Drug Administration (FDA) has not yet resolved the issues raised in your citizen petition submitted on August 3, 2006, on behalf of the States of Kansas, Minnesota, Vermont, and Wisconsin. Your petition requests that FDA promptly issue guidance documents outlining the specific approval requirements for forms of insulin and human growth hormone that are therapeutically equivalent to products currently approved by the FDA.

FDA has been unable to reach a decision on your petition because it raises complex issues requiring extensive review and analysis by Agency officials. This interim response is provided in accordance with FDA regulations on citizen petitions (21 CFR 10.30(e)(2)). We will respond to your petition as soon as we have reached a decision on your request.

Sincerely,

Jane A. Axelrad
Associate Director for Policy
Center for Drug Evaluation and Research
