Dear Ms. Greenthal,

This letter is in response to your citizen petition (FDA-2022-P-1832) received on August 5, 2022, in which you requested that the Commissioner of Food and Drugs amend Part 101 of Title 21 of the *Code of Federal Regulations* to require on the principal display panel of a food an easy-to-understand, standardized system that is 1) mandatory, 2) nutrient-specific, 3) includes calories, and is 4) interpretive with respect to the levels of added sugars, sodium, and saturated fat per serving.

In accordance with Title 21 of the *Code of Federal Regulations*, section 10.30(e)(2), this letter is to advise you that we have not been able to reach a decision on your petition within the first 180 days of its receipt.
