Dear Petitioner:

Your submission requesting that the Commissioner of Food and Drug review the evidence that discusses the mechanism of action by which and the evidence for (1-3)(1-6)  $\beta$ -glucan consumption and its beneficial effect on immunomodulation was received and processed under CFR 10.30 by this office on 09/19/2022.

It was assigned docket number FDA-2022-P-2287. Please refer to this docket number in future correspondence on this subject with the Agency.

Please note, the acceptance of the petition for filing is a procedural matter and in no way reflects the Agency's decision on the substantive merits of the petition.

Sincerely,

Karen Malvin  
Acting Director  
Dockets Management Staff  
FDA/Office of Operations (OO)
