Dear Dr. Wallwork:

In response to your 3/14/2006 letter, enclosed is my "Citizen's Petition for the ban of carcinogenic potassium bromate used in the breadmaking process."

Numbers (1) and (2) in the petition under section A are the FDA's November 29, 1994 letter to Mr. Peter Ranum and the FDA's July 14, 1998 letter to Mr. Paul Abenante. Also, "since 1995" refer to my September 27, 1995 letter to Dr. David Kessler and you wrote a response letter dated October 23, 1995.

I appreciate your time and attention in this matter and look forward to hearing the FDA's response.

Sincerely,

Yoon Ja Kim
