Re: Docket No. FDA-2022-P-0307

Dear Ms. Kent:

This is a tentative response to the Citizen Petition (FDA-2022-P-0307) filed with the Food and Drug Administration (FDA) on March 8, 2022.

The petition “requests FDA-CVM to issue a regulation for the ingredient ‘corn gluten meal’ for use in FDA regulated animal feed and pet food products.” The petition requests FDA-CVM to “define this term, hold public meetings on this term, take public comments on this term, conduct scientific review for this term, and post this official regulation both on the FDA website and on the federal register.”

Pursuant to the administrative regulations at 21 CFR 10.30, FDA is required to respond to your petition within 180 days. FDA is currently considering the issues raised by your citizen petition; however, the Agency will require additional time to issue a final response.

FDA will issue a final response to your citizen petition after completing the analyses of all the issues raised in the petition.

Respectfully,

Steven
