Re: Docket No. FDA-2022-P-0290

Dear Ms. Ventrelli:

I am writing to inform you that the Food and Drug Administration (FDA) has not yet resolved the issues raised in your citizen petition received on March 4, 2022. Your petition requests that the Agency assign a therapeutic equivalence code of “AP” to calcium gluconate in sodium chloride intravenous solution, 1 gram (gm)/50 milliliters (mL) (20 mg/mL) and 2 gm/100 mL (20 mg/mL), approved under new drug application 208418.

FDA has been unable to reach a decision on your petition due to the need to address other Agency priorities. This interim response is provided in accordance with FDA regulations on citizen petitions (21 CFR 10.30(e)(2)). We will respond to your petition as soon as possible given the numerous demands on the Agency’s resources.

Sincerely,

Carol Bennett -S
