From: James Hall, ONFL, CFSAN, FDA, HFS-820

To: Division of Dockets Management

Subject: Close Out of Citizen Petition No. FDA-2006-P-0394

This memo is documenting the steps taken by the Division of Food Labeling and Standards, Office of Nutrition and Food Labeling, CFSAN, regarding Citizen Petition FDA-2006-P-0394.

On July 3, 2018 and August 13, 2018, we called the petitioner, to find out if they were still interested in FDA responding to the subject petition. The number is disconnected or no longer in service.

On August 17, 2018, we sent a certified letter, with return receipt, stating that if we did not hear from the petitioner within 30 days from the date of the letter, that we would assume that the petitioner is no longer interested in having us respond to the petition, and would close it out.

The letter was returned with a note "unable to forward". It has been over 30 days since we have attempted contact thus, we are closing the docket for this petition.
