Subject: Yogurt and Diabetes Health Claim

Dear Dr. Johnson:

I am emailing you to request a 180-day extension from the current due date in order to complete our review of the qualified health claim petition submitted on behalf of Danone North America. The subject of the petition was about the relationship between consumption of yogurt and reduction in the risk of type 2 diabetes mellitus. The current due date is November 25, 2019 and with a 180-day extension, we would inform you of our decision by May 26, 2020.

Thank you for your patience regarding this petition. You can reply to this email and let me know if Danone North America agrees to the 180-day extension we are requesting.

Please feel free to call me at 240-402-1581 if you have any questions or would like to discuss this matter further. Thank you for your consideration.

Sincerely,

Cherisa Henderson
