Dear Mr. Nambiar:

Please add this entire California Medical Association (CMA) Resolution passed December 14, 2014 on cell phone safety issues, to our PPSI citizens Petition, (CP) docket Number ...FDA-2013-P-1374, . See California Medical Association had over 39,000 California physicians, with extensive benefit partners, making it the largest state run medical association, in the United States.

link: <http://www.parentsforsafetechnology.org/california-medical-association-resolution-on-wireless.html>

We also would like to add the 58 scientific peer reviews and articles and news reports, along with editorials, that are outlined in this CMA resolution, with references to our Citizens Petition.

When will the Center for Devices and Radiological Health, U.S. Food and Drug Administration, be meeting and we have requested three times previously for the names of who is on the committee and if possible, a reference to your last meeting and a summary or minutes of your meeting.

I will be sending you a copy of the transcript of the June 22 scientific meeting presentations, held at the Commonwealth Club in San Francisco., on cell phone safety and the presentations HOW WOULD YOU LIKE THIS TRANSMITTED SO THAT IT WILL BE PART OF OUR FDA CITIZENS PETITION ON THIS ISSUE

AND BE PART OF THE Center for Devices and Radiological Health, U.S. Food and Drug Administration, MEETING AND OFFICIAL HEARINGS ?

K: <http://electromagnetichealth.org/electromagnetic-health-blog/cc-6-22-15/>

finally, there was much discussion regarding the use of cell phones and safety issues and the FDA statement that cell phones should not be within 15 centimeters (cms) or 6 inches of a defibrillator or a pacemaker.

As a heart patient with quadruple bypass surgery and a defibrillator implanted in my chest, I am not aware that FDA has made any kind of statement or regulation regarding the 15 cm/6 inch ruling and I have been carrying my cell phone in my shirt pocket, next to my defibrillator, as I have never heard of this warning before and I checked with our COUNSUMER GROUPS AND NOBODY SEEMS TO KNOW ABOUT THIS FDA WARNING, EITHER.

Would you please send me the FDA's scientific ruling or warning, that these attached articles discuss ? The question I posed to FDA is as follows:

DO WE 6 MILLION HEART PATIENTS HAVE THE RIGHT TO KNOW ABOUT THIS WARNING. ESPECIALLY IF FDA SAYS IT'S TRUE ? IF SO, WHERE AND WHEN AND WHO IS TO NOTIFY ME OF PUBLIC HEALTH SAFETY AND HARM, FROM THESE CELL PHONES , NEXT TO MY DIBFIBRILLATOR ?

I ALSO DID NOT FIND IN MY CITIZENS PETITION, THE ONE PAGE ENDORSEMENT LETTER, FROM THE CALIFORINA ALLIANCE FOR RETIRED AMERICANS (CARA) AND ALLIANCE FOR RETIRED AMERICANS (ARA) WHO ENDORESED THE RIGHT TO KNOW AND WHO HAVE 1 MILLION CALIFORNIA CONSUMERS IN THE CARA GROUP AND 4.6 MILLION NATIONALLY IN THE ARA GROUP. PLEASE ADD THEIR ENDORSEMENT TO OUR CITIZEN PETITION, ALONG WITH THE ABOVE CALIFONIA MEDICAL ASSOCIATION, DECEMBER 14, 2014, RESOLUTION, ABOVE.

we previously inquired about this issue with CARA in our June 17, 2015 letter to you " in #4 of our letter

4) California Alliance for Retired Americans (CARA) , WITH 1 MILLION CONUSMERS IN CALIFORNAI AND 4.6 MILLION NATIONWIDE, UNDER ARA, letter in support of the RIGHT TO KNOW ON CELL PHONE HARM. Our original supporting documentation from CARA does not come up, when we searched, but is listed with our original Petition. WHERE IS IT ? WHY CAN'T PEOPLE VIEW IT ?

Thank you for all your help in getting our FDA citizens Petition, (CP) docket Number ...FDA-2013-P-1374.... ready for the Center for Devices and Radiological Health, U.S. Food and Drug Administration hearing. thank you also for including the 852 FCC documentations regarding cell phone harm, both pro and con, to my Citizens Petition, which I sent you previously.

Best-

Fred
