CITIZEN PETITION

Dear Sir/Madam,

The undersigned, Baxter Healthcare Corporation (Baxter) submits this petition in accordance with 21 C.F.R. §§ 10.25 and 10.30, and pursuant to Sections 505(j) and 505(w) of the Federal Food, Drug, and Cosmetic Act (“FDC Act”) and 21 C.F.R. §§ 314.122 and 314.161 to request that the Food and Drug Administration (“FDA”) determine whether a listed drug was withdrawn for safety or effectiveness reasons.

A. Action Requested

Petitioner requests that FDA determine whether REGLAN (metoclopramide injection, USP), 5 mg/mL, approved under New Drug Application (“NDA”) number 017862, held by HIKMA PHARMACEUTICALS USA INC, has been voluntarily withdrawn for reasons of safety or effectiveness.

B. Statement of Grounds

Under the FDC Act, an ANDA must rely on FDA’s approval findings for a Reference Listed Drug (“RLD”). See FDC Act § 505(j)(2). If a listed drug has ceased to be offered for sale by its manufacturer, a person wishing to submit an Abbreviated NDA (“ANDA”) for the drug must petition FDA for a determination of whether the drug was withdrawn for reasons of safety or effectiveness. See 21 C.F.R. §§ 314.122 and 314.161. If FDA

determines that the listed drug was withdrawn from sale for reasons of safety and effectiveness (or if FDA withdraws or suspends NDA approval for reasons of safety or effectiveness), then the drug listing is removed from the Orange Book. See id. § 314.162. If FDA determines that the listed drug was not withdrawn from sale for reasons of safety and effectiveness, then the drug listing remains in the Orange Book and may be cited in an ANDA as a RLD.

The Orange Book currently identifies REGLAN (metoclopramide injection, USP), 5 mg/mL, approved prior to January 1, 1982 under NDA 017862, in the “Discontinued Drug Product List” section of the Orange Book.

Petitioner is not aware of any information indicating that the withdrawal was made for safety or effectiveness reasons and believes the discontinuation of REGLAN (metoclopramide injection, USP), 5 mg/mL under NDA 017862 was due only to commercial considerations.

Petitioner requests that FDA determine that REGLAN (metoclopramide injection, USP), 5 mg/mL under NDA 017862, were not withdrawn for reasons of safety or effectiveness.

C. Environmental Impact

The petitioner claims a categorical exclusion from the requirement of an environmental assessment or environmental impact statement pursuant to 21 CFR § 25.31.

D. Economic Impact

Petitioner will, upon request by the Commissioner, submit economic impact information, in accordance with 21 C.F.R. § 10.30(b).

E. Certification

The undersigned certifies that, to the best knowledge and belief of the undersigned, this Petition includes all information and views on which the Petition relies, and that it includes representative data and information known to the Petitioner that are unfavorable to the Petition.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mitul Chatterjee', with a long horizontal stroke extending to the left.
