CITIZEN PETITION

Hyman, Phelps & McNamara, P.C. submits this Petition in accordance with 21 C.F.R. §§ 10.25 and 10.30, and pursuant to Sections 505(j) and 505(w) of the Federal Food, Drug, and Cosmetic Act ("FDC Act") and 21 C.F.R. §§ 314.122 and 314.161 to request that the Food and Drug Administration ("FDA") determine whether a listed drug was withdrawn for safety or effectiveness reasons.

A. ACTIONS REQUESTED

Petitioner requests that FDA determine whether MIOCHOL[®] (acetylcholine chloride) for intraocular solution, approved under New Drug Application ("NDA") number 016211, held by Novartis Pharmaceuticals Corp., has been voluntarily withdrawn for reasons of safety or effectiveness.

B. STATEMENT OF GROUNDS

Under the FDC Act, an ANDA must rely on a Reference Listed Drug ("RLD"). See FDC Act § 505(j)(2). If a listed drug has ceased to be offered for sale by its manufacturer, a person wishing to submit an Abbreviated NDA ("ANDA") for the drug must petition FDA for a determination of whether the drug was withdrawn for reasons of safety or effectiveness. See 21 C.F.R. §§ 314.122 and 314.161. If FDA determines that the listed drug was withdrawn from sale for reasons of safety and effectiveness (or if FDA withdraws or suspends NDA approval for reasons of safety or effectiveness), then the drug listing is removed from the Orange Book. See *id.* § 314.162. If FDA determines that the listed drug was not withdrawn from sale for reasons of safety and effectiveness, then the drug listing remains in the Orange Book and may be cited in an ANDA as a RLD.

The Orange Book currently identifies MIOCHOL[®] (acetylcholine chloride) for intraocular solution, approved on October 9, 1973 under NDA 016211, in the "Discontinued Drug Product List" section of the Orange Book. FDA appears to have moved NDA 016211 to the "Discontinued Drug Product List" in the September 2009 Cumulative Supplement to the Orange Book. FDA published a notice that approval of NDA 016211 for MIOCHOL[®] (acetylcholine chloride) was being withdrawn pursuant to the applicant's request in the Federal Register on July 12, 2018. 83 Fed. Reg. 32,305. Petitioner is not aware of any information indicating that the withdrawal was made for safety or effectiveness reasons and believes the discontinuation of NDA 016211 was due only to commercial considerations.

Petitioner requests that FDA determine that MIOCHOL[®] (acetylcholine chloride) for intraocular solution, approved under NDA 016211, were not withdrawn for reasons of safety or effectiveness.

C. ENVIRONMENTAL IMPACT

Petitioner claims a categorical exclusion under 21 C.F.R. § 25.31.

D. ECONOMIC IMPACT STATEMENT

Petitioner will, upon request by the Commissioner, submit economic impact information, in accordance with 21 C.F.R. § 10.30(b).

E. CERTIFICATION

The undersigned certifies that, to the best knowledge and belief of the undersigned, this Petition includes all information and views on which the Petition relies, and that it includes representative data and information known to the Petitioner that are unfavorable to the Petition.

Sincerely,

Deborah Livornese
