Re: Citizen Petition FDA-2024-P-3997

Director Bennett,

Thank you for your interim email response dated February 13, 2025. Your response states that you have sent me several requests to provide you with copies of the tests described in my Petition, without success. That is incorrect. On December 11, 2024, I responded to your singular request to provide the agency with that information (see attached). As stated in that letter, I am prohibited by agreement from providing those test results to you directly. However, you may contact Wagma Amini at the Eurofins testing facility to obtain whatever information the agency needs concerning the test results described in my Petition.

Regards,

R. Jason Richards

Email

Attn: FDA

Re: Docket no. FDA-2024-P-3997

Dear FDA,

I received your email of December 3, 2024 requesting that I provide FDA with copies of each of the benzene tests identified in my citizen petition (docket no. FDA-2024-P-3997).

Although I am unable to provide you with the test results directly, I have been given permission for you to contact the testing facility to make inquiry regarding such tests. The testing facility is Eurofins Consumer Product Testing and the contact person there is Wagma Amini

(Wagma.Amini@cpt.eurofinsus.com).

Regards,

R. Jason Richards
