Re: Docket No. FDA-2024-P-0973

Dear Petitioner:

I am writing to inform you that the Food and Drug Administration (FDA) has not yet resolved the issues raised in your citizen petition received on February 23, 2024. Your petition requests that FDA “[a]mend current designation of Photosensitivity involving sulfonamide medicaments to New Adverse Effect of sulfonamide medicaments of: “Photosensitivity: Caution, ‘Free Radical’ risk” (Petition at 1).

FDA has been unable to reach a decision on your petition due to the need to address other Agency priorities. This interim response is provided in accordance with FDA regulations on citizen petitions (21 CFR 10.30(e)(2)). We will respond to your petition as soon as possible given the numerous demands on the Agency’s resources.

Sincerely,

Carol Bennett -S
